Autumn term issue 6

Letter from the Head

Dear Parent and Carers,

What a great week it has been so far. It has been lovely to welcome so many of you in for parent consultations and the feedback that we have received from yourselves has been incredibly positive. I always like to have parent meetings at this time of the year as it gives yourself, and us a chance to discuss your child and make plans or targets for the year. In addition to this, it is always nice for teachers and parents, to put a name to the face. Rest assured, that this is not the start and the end of it - as you know we will continue to have regular opportunities for you to come into school and see how your child is progressing.

Other news:

Our new KS2 junior play leaders have been amazing so far. It is wonderful to see them playing and interacting with the younger children. They really are fantastic ambassadors and if your child is a playleader, please can you thank them again on my behalf.

After school clubs: After half term, ALL clubs will recommence on the first week back. This means if your child attends a club on Monday after school, on the 30th October, then please assume the club is on.

I hope you have an amazing weekend. Take care

Kind regards

Kieran Walsh

Does your child have trouble sleeping?

Hunrosa.co.uk have some useful tips on how to help children get a good nights sleep.

Tesco Blue Tokens

We have entered into Tesco's blue token scheme where we could win up to £1500.00 for the school. You can vote for us now in the Pool and Redruth Stores.

We are have called our scheme 'Plot to Plate' and hope to use any funds obtained to allow more children to get involved in growing vegetables and cooking with the produce here at school.

Please vote for us when you can!

Many thanks

Random fun fact of the week!

It would only take an hour to drive into space...

...if you could drive your car straight upwards that is! Although it would take a lot longer to drive to the moon—driving at 60mph it would take roughly 166 days to drive the 250,000 from earth to reach the moon.
