Autumn term issue 5

Letter from the Head

Dear Parent and Carers,

I hope you have all had a great week. I am so sorry not to have been with you all this week - and the likelihood is that I won't be able to come in next week either, however - I'll take it one step at a time (literally) and look forward to getting back to school asap.

You may have noticed that we have made a couple of small tweaks around the school gates in the mornings. This is just as an extra precaution with regards to safeguarding. Children do not enter the school ground until 8.40am, upon where they are supervised and are then officially under our care and responsibility, but we just wanted to make this a fraction safer and tighter (by keeping the gates locked until 8.40am). Hopefully, it will have minimal, if any, impact on the morning drop offs. If it does, please do reach out to us and we will hopefully help assist.

I hope you all have a wonderful weekend and look forward to seeing you as soon as I am up and more mobile again.

Kind regards

Kieran Walsh

Developmental Language Disorder (DLD) affects, on average, 2 children in every class of 30. Children with DLD have difficulty understanding what people say to them, and struggle to articulate their ideas and feelings. DLD is 7 times more common than Autism, but hardly anyone has heard of it. Find out more by visiting radld.org.

SPEAK UP FOR DLD

#DLDDay FRIDAY
18TH OCTOBER 2024

Artist: Siouxsie Webster, a young adult with DLD

I think my poster is really powerful, because it shouts out loudly, but with simple language. I hope people can relate to it. EVERYBODY needs to get their voice heard - in whatever way works for them. Speaking up for DLD is important to me because it is SO HARD to live with. There is NO ESCAPE from communication, EVER. Hardly anyone has heard of DLD - so it really needs to get OUT THERE! It is lonely having DLD because most people don't understand it, and it affects so many aspects of life. Being unable to explain yourself is DEEPLY CHALLENGING, and it is SO difficult to get the right help.

Find out more about Developmental Language Disorder (DLD) & support #DLDDay at RADLD.ORG.

RADLD RAISING AWARENESS OF DEVELOPMENTAL LANGUAGE DISORDER

Random fun fact of the week!

A hippopotamus can run faster than a human.

Hippos can run faster than 30 miles per hour, whereas the fastest human, Usain Bolt, has only clocked in at 23.4 miles per hour.
