

YEAR 3 RE – Autumn 1 What do Christians learn from the Creation story?

Tier 3 Vocabulary	Knowledge	Recommended Reads
Christians – people who believe in God and Jesus and are part of the Christian religion.	Christians and Jews believe that God made the Earth and all living things in it. The Creation story is the start of the ‘Big Story’ of the Bible.	 
Natural World – all the plants, creatures, land and water that are not made by people.	Christians and Jews share the same belief in the Creation story – that the world was created in 6 days by God and on the 7 th day He rested. Christians believe that the Creation story gives messages about God: as the Creator, He is all-powerful as he made the world and he cares for everything in the world, including humans.	
Creation Story – a story of how the world came into existence.		
Creator – someone who has made something; Christians believe God is the Creator of the world.	Christians believe that Adam and Eve committed sin against God when they disobeyed His rules. This led to ‘the fall’ – the idea that they ‘fell away from being close to God’. Christians believe humans commit sin but God can forgive. Christians might pray to God for forgiveness.	Agreed Syllabus Learning Outcomes Make sense of belief: - Place the concepts of God and Creation on a timeline of the Bible’s ‘big story’. - Make clear links between Genesis 1 and what Christians believe about God and Creation. - Recognise that the story of ‘the Fall’ in Genesis 3 gives an explanation of why things go wrong in the world. Understand the impact: - Describe what Christians do because they believe God is Creator (e.g. follow God, wonder at how amazing God’s creation is, care for the Earth). - Describe how and why Christians might pray to God, say sorry and ask for forgiveness. Make connections: - Ask questions and suggest answers about what might be important in the Creation story for Christians and for non-Christians living today.
Genesis – the first book of the Bible, which tells the Christian and Jewish story of Creation.		
Sin – behaviour that goes against the laws or rules of God.	The Bible is important to Christians as a guide to life, helping them to decide how to live their lives.	
Garden of Eden - a beautiful garden where Christians believe Adam and Eve were placed at the Creation.	Christians believe that they should do their best to care for the world that God created and owns. You don’t have to be Christian to look after the Earth.	
Adam and Eve – Christians believe they were the first people, created by God.		
Forgiveness – a choice to stop being upset or angry with someone who has done something wrong.		
Bible – the special book in the Christian religion.		
Conservation – the protection of things found in the natural world.
